Towel Rope

Supplies

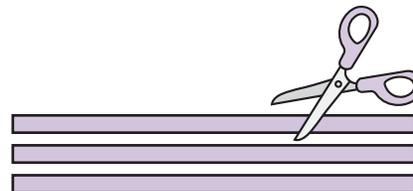

- One towel
- Scissors

1 Step One

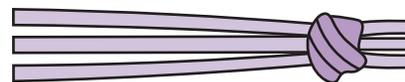

Lay the towel down on a hard, flat surface. Using scissors, cut wthree strips that are each two to three inches wide.

Remember: Scissors are sharp – don't be afraid to ask for help!

2 Step Two

Ensure the strips are at equal length and knot them together at one end, leaving a four inch tail.

3 Step Three

Under the knot, braid the strips until you reach the middle. At the middle, tie a second knot. Continue braiding underneath the second knot, until there are four inches remaining. Tie one last knot to close the braid, leaving a four inch tail.
